Introduction

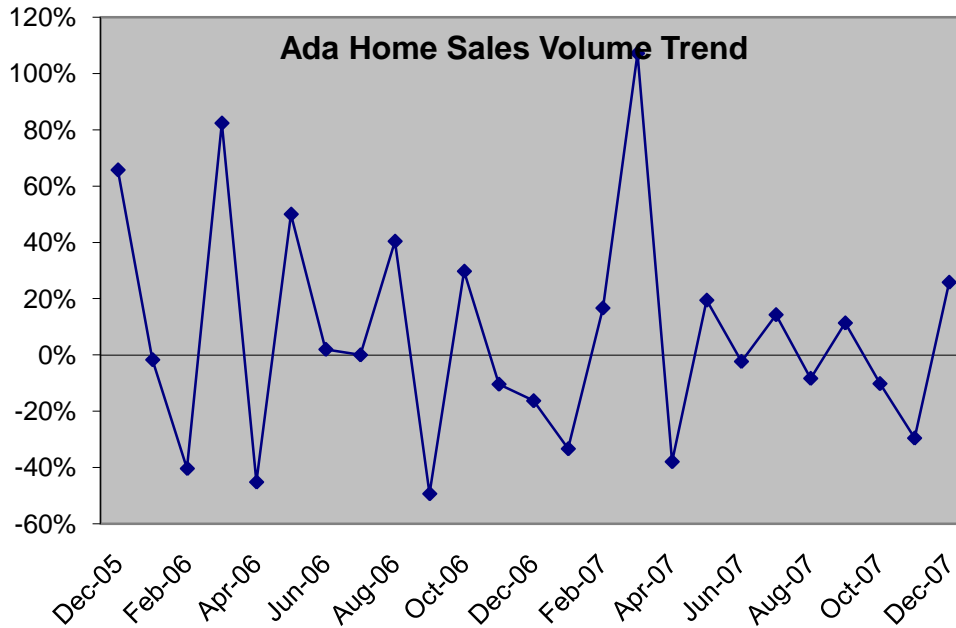

On behalf of the Oklahoma Association of REALTORS, WRS is pleased to present this two-page analysis of the Ada real estate market. Data for this analysis was provided by the Oklahoma Association of REALTORS.

Chart 1: Average Home Sale Price Trend.

In this graph the horizontal line represents the national market trend regarding price and volume. It is a constant figure indicated on the graph at zero. The moving line represents the comparable trend in your market. It can be read by looking at a specific point and determining that your trend in housing values and volume is a percentage above or below the national trend. The graphs do not reflect actual value or volume numbers, but rather a performance trend with regard to these numbers in your marketplace.

Chart 2: Housing Market Volume Trend

Key Facts:

- While the national housing market has struggled, Ada has seen a steady appreciation recently. The mean home sale price in Ada has grown by 6% per month on average throughout 2007.
- Ada has seen a white-hot fall for sales volume. Home sales volume is up by 7% per month in 2007.
